ABOUT ME

I am a creative professional with over seven years of experience crafting meaningful content, engaging audiences through thoughtful communications, and managing multi-channel campaigns. My career started in public education, where I discovered my love for storytelling and building community, which ultimately led me to my current role as Marketing & Communications Manager for a nonprofit. Outside of my work, I find fulfillment in exploring creativity through art and music, spending time outdoors on horseback, and cozying up to read a good book.
